Thank you for your continued support of CA PA|PG|PC and our vision of creating a powerful voice for PA|PG|PCs to help them better serve California's most vulnerable dependent adults and decedent estates. Below please find an outline of the Association's revised late fee policy.

COUNTY/INDIVIDUAL MEMBERSHIP PAYMENT GUIDELINES

Renewal memberships paid 123 days after the start of the Association's fiscal year starting July 1 are considered late and will be subject to the following penalties.

County & Individual Membership Renewals

County and individual memberships that have not been paid for more than 123 days after July 1 will be placed in inactive status and all members within that county program will be unable to access the Association's membership portal, sign up for classes or receive critical communications such as legislative alerts, invitation to the ED Coffee Hour and more.

Once payment has been received by the Association, the county memberships, and all individual memberships under that county program, will be released from their membership hold.

Individual Memberships (Associate, Affiliate & Principal)

New individual memberships created outside the yearly Chapter Management renewal process that have not been paid for more than 90 days after signing up will be placed in inactive status and members will be unable to access the Association's membership portal, sign up for classes or receive critical communications such as legislative alerts, invitation to the ED Coffee Hour and more until payment in full is made.

RAMIFICATIONS OF MEMBERSHIP NON-PAYMENT

Non-payment of an individual's membership will place them in Inactive status and certification will be withheld for that member in abeyance pursuant to Probate Code §1456.2; 2923 and 7605 until such payment has been received.

Should members pay their dues and attend trainings, but the County Program Fee has not been paid for that county, then Principal, Associate and Affiliate members, provided they have paid membership dues, shall have the status of Attended Training, but shall not be Certified. Once all current and late fees due are paid in full, Principal, Associate and Affiliate Members can be reinstated as Certified, provided all other requirements are met.

TRAINING & EVENT PAYMENT GUIDELINES

All verification documents and credit fees for accredited classes must be received within 90 days from the date of a class being taken for members to receive credits. Any verification documents/payments received after 90 days will not be considered valid and members cannot receive credits for the class/event in question.

Please Note: The Association's invoice # must be on the check (or a copy of the invoice included with check) to expedite membership or class payment processing. The Association will not be held responsible if this information is not included and processing time falls outside the processing window for members to be considered active or to receive credits.
